Chateau de Poudenas is part of the village of Poudenas, which by chance has one of the best pizza restaurants in Gascony, and a post office. The property is 10 minutes from Fourcés, an unusual circular 'bastide' ("one of the most beautiful villages of France") with its famous flower market, and 20 minutes from the market town of Nerac which has a renowned weekly produce market. Condom, also 20 minutes' drive, has a variety of shops and restaurants, a famous cathedral and the buildings of an historic 'sea-port' used for exporting Armagnac to England. Condom is sited on one of the pilgrim routes to the famous shrine of Santiago de Compostela in northwest Spain.

The owners of Chateau de Poudenas live in the Chateau, they are active and charming hosts, and will provide you with as much or as little help as you require.
